Havelock Primary's 5Rs

This week, our 5R focus has been on Being Resilient.

We teach children to be resilient by never giving up and to always try their best. Pupils are also taught that it's okay to make mistakes and to learn from them.

What mistakes have you made in your learning before?

Did making mistakes help you in your learning? Did it mean that you did not make a similar mistake again?

Why is it important to always try your best, even if you don't do it the first time?

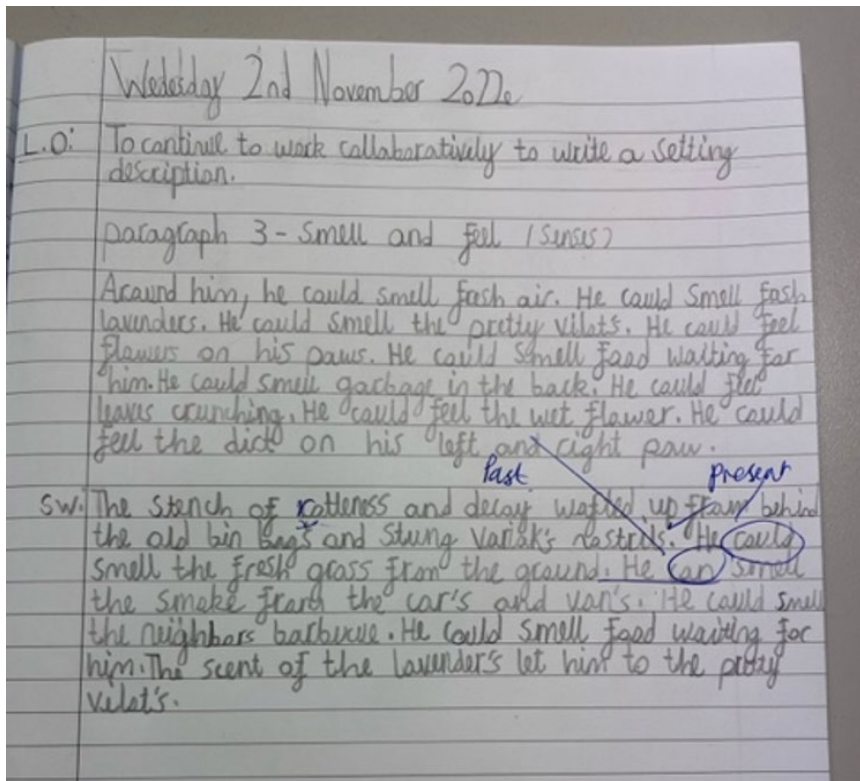

We are a growth mindset school. Our job is to challenge our pupils and let them thrive.

Being Resilient – Year 4

It is important for us at Havelock to make sure all pupils are taught never to give up and to always try their best. Pupils are also taught that it's okay to make mistakes and to learn from them. Year 4 have shown resilience by working hard to improve and edit their shared write paragraphs in English. They have tried to use ambitious vocabulary and a range of sentence starters to make their writing more interesting.

**We are a growth mindset school. Our job is to challenge our pupils
and let them thrive.**

Idiom of the Week

An idiom is an expression with a different meaning than its literal one, e.g. if something is hard to find you may say it's like trying to find a needle in a haystack.
Every week, watch this page for the idiom of the week.

Take a rain check

MEANING:

To postpone a plan until another time

EXAMPLE:

I'd love to play basketball after school, but I've got to go home to mow the lawn.
Can I take a rain check?
